## YOUR LICENSE:

You are granted commercial-use rights to this low-content package from <https://www.colormyjournals.com>

This license allows you to use the templates to create journals, planners, coloring books, organizers, workbooks, or pages to sell via Amazon KDP Print, Lulu, Shopify, Etsy, and your own blog or website.

## What Can You Sell to Your Customers?

You are not allowed to sell commercial rights or resell rights to your customers. Your customers receive a personal-use license to the completed products you create and cannot sell them to others in the same way you do.

### *Examples of how you can sell these templates:*

- As completed journals, planners, coloring books, and pages or physical books via KDP Print or Lulu.com
- As completed downloadable printables on your own blog or website, or via Shopify or Etsy in PDF format only.

**Please Note:** The templates you are purchasing must be incorporated into a new product you create. You may only resell or give away your new PDF versions.

**Refund Policy:** Due to the nature of PLR Content, **no refunds** are offered.
